**Second Sunday Family Program
Family Portraits with Artist C. J. Guerin**

Cos Cob, CT, April 3, 2013--This special program brings the entire family together to create a unique collaborative work of art. First take a family-friendly tour of Bush-Holley House to look at the various styles of portraiture that grace the walls of Greenwich's only National Historic Landmark; then take a lesson in creating a self-portrait--from first sketch to the addition of final color. Once finished, each family member will cut out and combine his or her creation with other family members' works to fashion a unique collage. No previous art experience is required; all supplies will be included. A creative experience for the whole family.
